

# Kairos Network Church Coaching Huddles

***“If you make disciples you will grow the church. If you make disciples who can make disciples you will build a movement.”***

One of our greatest challenges as the 21st Century Church is how we **mobilise a missional movement of disciples**. A discipling culture is the engine for long-term, sustainable mission. What we desire is a discipleship culture lived-out in a missional context. Whilst many of us have invested our lives into others, we have often been met with frustration when we don't see 2nd, 3rd and 4th generation disciples. **We need disciples, who make disciples, who make disciples.**

Discipleship is about **imitating Jesus**; both becoming like Jesus and doing the things Jesus did. In a Skype Coaching Huddle we will invest in you **tools, practices and skills** for imitating the life and ministry of Jesus.

These are tools which are **simple, memorable and reproducible**, allowing you to pass them on to generation after generation.

Huddles happen once a fortnight and consist of a group of around 5 or 6 participants and happen over Skype. It costs £100 per year to be part of a coaching huddle and are suitable for anyone involved in church leadership.

**To find out more please email [networking@kairoschurch.net](mailto:networking@kairoschurch.net)**

## ***What is the goal of a coaching huddle?***

- *To become effective in building a discipling culture in any context*
- *Learn to disciple the way Jesus did*
- *Focus on personal and leadership growth*
- *Experience healthy accountability and partnership with peers*
- *Gain tools and expertise that are simple, memorable and reproducible for every context.*
