Discipleship and Mission Workshop

Saturday 27th September

This Workshop is designed for anyone who wants to think through what discipleship and mission could look like in the 21st Century Church.

It will be a day of **teaching**, interactive **workshops**, **networking** and a chance to hear how God is bringing **transformation** through **Missional Communities** of ordinary disciples.

We will be running a **youth stream** alongside the whole day.

Who is putting on the workshop?

Kairos Network Church Harrogate grew out of 1 parish church with 2 buildings that had to formally close due to structural issues. The 2 churches started meeting together in a local school in 2007 under the new leadership of Rev Mark

Carey who was asked to develop something new from them both. Since then the church has grown to over 100 people and currently has 8 diverse Missional Communities. The church operates as an Anglican Fresh Expression with a Bishops Mission Order which means it has freedom to operate across the whole Deanery of Harrogate.

We are a ministry grown out of the local church in Sheffield – working with leaders and churches on the topics of discipleship, missional communities, leadership and church. We resource a growing movement of Christian leaders throughout different denominations worldwide who are learning to bring discipleship and mission to the heart of the local church. Our vision is to make disciples, empower leaders and catalyse movements.

Rebuild exists to resource the local church to reach and disciple the missing generation. We are a ministry of 3DM Europe offering coaching, resources, learning communities and events to serve the local church as it reaches out and disciples kids, youth, university students and young adults. We are passionate about seeing the stats reversed and a generation step up to its call to REBUILD.
